4 The provision in the draft scheme is as follows:—

I. 2 Head Masters on Rs 350 each — 700
II 4 Assistants on Rs 100-10-150 n — 533
III 3 Demonstrators on Rs 75 each 225-
1458/-

Against this provision the Committee now propose to entertain:—

(a) 12 Lecturers } the pay is not
(b) 2 Sanskrit Pandits } definitely fixed.

The cost of this staff as specified in the office draft is as follows:—

(a)(i) 4 Lecturers on Rs 150 each — 600
(ii) 8 do 75-10-125 n 866 2/3
(b) 2 Pandits on 30-3-45 n 80
{the pay of Pandits is not mentioned} {the figure is taken from Budget.} 1546 2/3

The present proposals thus exceed the draft scheme proposals by Rs 88 2/3 p.m or Rs 1064 per annum. If the provision on account of the 2 Hd Masters or at least a portion of it has to be retained that will be a further addition to the estimated cost.

The proposal for budget provision for the University is based on the draft scheme proposals in App. II B. The estimated cost given in App II B takes only the minimum pay of the appointments and not the average financial value of the appts. If correct values are taken the total estimated recurring expenditure on account of the University will be much more than Rs 3,5,1,200 as given in App. II B.

5 It is for consideration if the University Entrance classes, which correspond to the present Junior Intermediate classes in type B' should continue to be located in the Colleges - at least temporarily - this may mean some saving of expense - as it would not be necessary, in that case to entertain so many new teachers and as the Asst Professors in the Colleges would be able to take part in the teaching of these classes. It is also been stated that not all the ordinary High School Masters are competent to take these classes and it would be necessary to entertain new persons if the classes are attached to High Schools - In Travancore & Shencotta

6. A. This is not possible because it militates against one of the root-ideas of the scheme. Moreover in the first year the college will have to keep four classes viz. Senior intermediate, 1st year (new scheme), 2nd year (new scheme) and Senior B.A. So in the beginning it will perhaps be difficult to spare hands from the college for Entrance class lecture work.

The proposal of the University Committee may be sanctioned temporarily for a period of three years. The men appointed may be in the grade of 50-70 or 75-125 according ~~to~~ qualifications & experience. The Sanskrit men should also be styled "Lecturers in Sanskrit" & not Munshis or Pandits.

8. I am afraid that it may not be possible to secure competent men who would be able to take up the University Entrance class on the scale of pay proposed by the Civil Secy. I have myself that eight men should be on Rs 75-10-125 and four on Rs 150 - It may not be necessary to appoint for the present any one on Rs 150 - The matter may be disposed of by circulation

Submitted to His Highness.

Paper under disposal

As in order to give effect to the University Scheme, a University Entrance Class has to be started at once, the University Committee have suggested that arrangements be made to open such classes in all the optional subjects in the High Schools at Bangalore and Mysore and in two optional non-science groups at Shimoga and Tumkur and that twelve new lecturers and two pandits be appointed for the purpose. The Inspector General of Education is of opinion that some of these appointments should be on Rs.75-10-125 and the rest on Rs.150. The President of the Committee, however, thinks that the pay should be 100-10-150.

Page 4 of the Proceedings

2. The Financial Secretary is of opinion that they should all be on Rs.50-70 or Rs.75-125. I am of opinion that it will not be possible to secure competent men to take up these appointments on the lower scale of pay suggested by the Financial Secretary and that it is desirable to have all the appointments on Rs.75-10-125. The First Member is also of the same opinion. As nominations to these appointments are subject to Government sanction, suitable precautions will be taken so that none but the best available men are chosen.

3. The two Pandits will be appointed only if they cannot be spared from other Institutions.

Bangalore.

To,

P. G. D'Souza Esq., B.A., B.L.,
Secretary to the Government of H.H. the Maharaja
of Mysore, Departments of Education & Agriculture.
Bangalore.

Sir,

I have the honour to submit an extract from the Proceedings of the Mysore University concerning the new appointments that have to be made in connection with the Scheme

2 The number of new teachers (who, according to the opinion of the Committee, should be styled Lecturers) required for the High Schools with University Entrance Classes, is 12, 4 in English, 4 in History and Economics (i.e. one in each group for each of the four Schools in Mysore, Bangalore, --- Tumkur and Shimoga) two in Physical Science for Bangalore and Mysore, one in Natural Science for Bangalore and one in Mathematics for Mysore. The number given in appendix II B of the Draft Scheme is less than this; but the Committees' revised proposals render it necessary to have the larger --- number. It has been found necessary to provide for at least two divisions of the Entrance class in Mysore and Bangalore, and the optional branches have been somewhat increased. There need be no seperate demonstrators, and the provision for two Head Masters will not all be necessary, as the pay of the present Head Masters will be saved. Moreover in some subjects

a/

there

there will not be full work for the Lecturers in their - special subject, ~~but~~ and they will be given some other work in the other classes of the High School, and such saving as - may be practicable will be effected by reducing the number of other teachers.

3 As for the pay that should be offered to these men, there is some difference of opinion between the Inspector - General of Education and the Principals of the two Colleges. It is agreed on all sides that the pay should be such as to attract a class of men superior to those who generally begin service in the High Schools; but as it is not likely that - all the men available will be of equal qualifications, there seems to be no objection to adopting the Inspector General of Education's suggestion that these men should be placed in the grades of Rs.75 - 125 and Rs.150/-. The President of the Committee is however inclined to consider that these -- Lecturers may all be placed in the grade of Rs.100-10-150 as originally entered in the draft.

4 It must be laid down by Government that these --- Lecturers should primarily be employed to do the whole work in their branches in the Entrance classes, and that only -- when their time is not quite filled up by such work, they -- should be given other work. The appointments and transfers of these Lecturers, and of the Head Masters of these High - Schools should be made in consultation with the University authorities.

5 It is considered necessary to have also two Sanskri Pandits for the Mysore and Bangalore High Schools. If they cannot be spared from other institutions, new appointments may be made on the same scale as is laid down for the High Schools at present. Perhaps advantage may be taken of this

occasion

occasion to introduce an improved scale for these teachers, as the President believes, that their case has not yet received the same favourable revision as has lately been --- granted to other branches.

6. I am to request that these recommendations about the staff required for the University work may all be kindly treated as urgent by Government.

I have the honour to be,

Sir,

Your most obedient servant,

comp 25 P.

N. S. Subba Rao

SECRETARY.

Extract from the Proceedings of the Third Meeting of the Mysore University Committee held on 15th April 1916.

I. STAFF & EQUIPMENT.

(a) University Entrance class.

Mr. Shama Rao considered that it would be necessary to make the following additional appointments to the staff of the several High Schools where it is proposed to open the new class.

1. Bangalore.

1 Lecturer in English.
1 Lecturer in Physical Science.
1 Lecturer in History & Economics.
1 Lecturer in Natural Science.
1 Sanskrit Pandit.

2. Mysore.

1 Lecturer in English.
1 Lecturer in Physical Science.
1 Lecturer in History & Economics.
1 Lecturer in Mathematics.
1 Sanskrit Pandit.

3. Shimoga.

1 Lecturer in English.
1 Lecturer in History & Economics.

4. Tumkur.

1 Lecturer in English.
1 Lecturer in History & Economics.

Mr. Tait was not sure that the two High Schools were sufficiently well-equipped to undertake the higher teaching in Sciences that was now contemplated. It was resolved that the Science Professors of the Central College should be requested to inspect the institutions and report on them. If necessary, the equipment may be improved.

Mr.Tait also suggested that the Lecturer in English should have a tutor to help him in the correction of exercises This was agreed to.
